

Get Your School App Today!

What is U360mobile?

U360mobile is a mobile platform that has everything you need to create an exceptional app for your campus. It is a comprehensive solution built and designed for schools, with over 20 features to engage prospective students, current students, parents, alumni and fans.

Available on:   

Easy Setup

Your dedicated, experienced project manager will guide you through the quick and seamless implementation process.

Built for Schools

We specialize in Apps for schools. Our platform and features are exclusively designed and built for schools.

Integration

We play nice with others and provide an integrated solution leveraging your existing information systems.

Maintenance Free

No coding is required, and there's no need to worry about the latest code updates – we take care of it all.

Trusted

Our mobile platform is proven and is trusted by over 100 schools, including some of the most prestigious public and private colleges in the country.

Customized

You can tailor the app to meet your school's unique needs. Choose the look and feel, and features to match your brand.

Award Winning

We have been recognized as a leader in the education industry by winning multiple prestigious awards for our mobile platform.

Cost Effective

A powerful, robust platform at a great price. Includes over 20 features, unlimited users and full support.

U360mobile Features

The app has over 20 Features to choose from, and we continuously release new features and enhancements. U360mobile engages everyone in your community – get your school app today!

Events. Look up campus events such as academic calendars, sporting events, orientation and important dates.

Admissions. Recruit students with "Find Your Counselor," an event calendar, and information request form.

News. Read the latest campus news from multiple sources, including press releases, sports news, and more.

Campus Map. Look up building locations and information, and use the GPS to find your location on campus.

Multimedia. Watch videos, listen to podcasts, scroll through photos and access other resources at any time.

Notifications. Announce snow days, reminders, events, and achievements with the click of a button.

Alumni. Engage alumni by providing News, Social Media, Reunion details and Alumni Association information.

Bulletins. Display the latest newsletters so users can receive important announcements and updates.

Facebook. Integrate your school's Facebook page to engage parents, students, alumni, and fans.

LinkedIn. Build alumni and community engagement by featuring LinkedIn integration in the app.

Blog. Import school blogs to engage students, parents, students, fans, and alumni.

Checklist. Create multiple checklists (e.g. Admission, Graduation, etc.) that allow users to "check off" completed items.

Emergency. Quick-dial emergency phone numbers, and access valuable campus safety resources.

Faith & Service. Access chapel schedules, daily readings, prayers, and important Campus Ministry information.

Campus Tour. Highlight points on campus for students and visitors as they follow a self-guided walking tour.

Polls. Create engaging poll questions for students, parents, fans and other users.

Library. Search the Library Catalog, and view Library Hours, Events, and Contact Information.

Fight Song. Show your school spirit by playing your Alma Mater, Victory Cheer, or other School Song.

Twitter. Display the school's official Twitter accounts to engage your community.

References. Store and print documents such as Forms, directions, viewbooks, and other materials.

Courses. Scroll through class offerings by semester, major, or concentration, and view details for each class.

Directory. Look up campus contacts that you can call, text or email with the touch of a button.

Radio. Stream the school or local radio station right through the app so users can listen from anywhere.

Athletics. Check the Athletics module to get the latest headlines, schedules, team rosters, and ticketing information.

And More!

Designed and Built for Schools.
